

Three new ways to access your retirement plan account

Great news! You now have even more ways to access your retirement plan account. Take a look at these new options, each of which makes it faster and easier to access your account.

Wellsfargo.com

You can now access your retirement plan account at **wellsfargo.com**. This means if you have other Wells Fargo accounts online, like a checking or savings account, you will be able to view everything in one place.

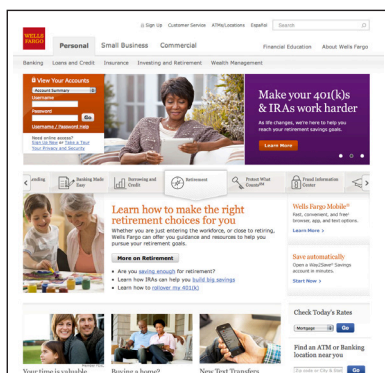

Wells Fargo Mobile App

Check your balance using the Wells Fargo mobile application. To get the application, visit the App Store on your phone or tablet and search for "Wells Fargo Mobile." Your retirement account will be listed as EMPL, and can be changed through the settings menu. Additional mobile features are coming soon.

Text Messages

Looking for a quick way to get your retirement plan balance? Now you can have text messages with your retirement account balance sent to your phone. To enroll, sign on at **wellsfargo.com** and select the **Account Services** tab, then from the **Mobile Banking** section, select **Set Up/Modify Mobile Banking**.

Visit us at wells Fargo.com

Managing your retirement is now even easier than before. You'll be able to view your retirement account information anytime, anywhere, using your computer, phone, or tablet. Just visit **wellsfargo.com** today to get started.
