Please take a moment to review the benefits Dana Kepner Company offers to determine which plans are best for you.

## Benefits Eligibility

Employees scheduled to work at least 30 hours per week are eligible for benefits on the first day of the month following 30 days of employment.

**Many of the plans offer coverage for eligible dependents, including:**

- Your legal spouse
- Your children to age 26, (including a stepchild, legally-adopted child, a child placed with you for adoption, or a child for whom you are the legal guardian)
- Your dependent children of any age who are physically or mentally unable to care for themselves
- Note: Please see official plan documents for full eligibility definitions.

## Enrollment

**You can sign up for benefits or change your benefit elections at the following times:**

- First day of the month following 30 days of employment (as a newly-hired employee)
- During the annual benefits open enrollment period
- Within 30 days of experiencing a qualifying life event

**The choices you make at this time will remain the same through**

**December 31, 2017.** If you do not sign up for benefits during your initial eligibility period or during the open enrollment period, you will not be able to elect coverage until the following plan year.

## Changing Your Benefits During the Year

Dana Kepner Company allows you to pay your portion of the medical, dental, and vision plan costs, and fund the flexible spending accounts, on a pre-tax basis. Thus, due to IRS regulations, once you have made your elections for the plan year, you cannot change your benefits until the next annual open enrollment period. The only exception is if you experience a qualifying life event. Election changes must be consistent with your life event.

To request a benefits change, notify Human Resources within 30 days of the qualifying life event. Change requests submitted after 30 days cannot be accepted.

**Qualifying life events include, but are not limited to:**

- Marriage, divorce, or legal separation
- Birth or adoption of an eligible child
- Death of your spouse or covered child
- Change in your spouse's work status that affects his or her benefits
- Change in your child's eligibility for benefits
- Qualified Medical Child Support Order

# Medical Insurance Plans

Dana Kepner Company offers three medical plan options: the PPO plan, the high-deductible health plan (HDHP), and the HMO plan through. The PPO & HDHP plans offer in- and out-of-network benefits, providing you the freedom to choose any provider. However, you will pay less out of your pocket when you choose a network provider. Locate a PPO & HDHP provider at [www.askallegiance.com](http://www.askallegiance.com). The HMO plan is in-network only except for emergency care. Locate a Kaiser Permanente network provider at [www.kp.org](http://www.kp.org).

The table below summarizes the key features of the medical plans. The coinsurance amounts listed reflect the amount you pay. Please refer to the official plan documents for information on coverage and exclusions.

(1) Member pays 10% after deductible for covered services received during an office visit, excluding lab tests. (2) You are required to receive the generic drug when the generic drug is available. If you request a brand over a generic, this plan will only pay 80% of the generic equivalent and you will be responsible for the difference. (3) The medical deductible does not apply when an in-network pharmacy is used. (4) Member responsibility up to \$1,000. (5) Member pays 100% up front and submits claim to WellDyne for reimbursement. The member is reimbursed the difference of the contracted amount and their portion of cost share.

# What is a High-Deductible Health Plan (HDHP)?

An HDHP is a medical plan that only begins paying for covered services after the member meets their annual deductible. The only exception is preventive medical and prescription care, which is covered at 100% (no deductible, no coinsurance, no copay) when an in-network provider is used. For all other services, if a network provider is used, the member will pay a discounted rate. After meeting their annual deductible, the member pays coinsurance until they meet their annual out-of-pocket maximum. Once they meet their out-of-pocket maximum, expenses are paid 100% by the plan for the remainder of the plan year. The out-of-pocket maximum is the most the member will pay for health care services in a year (including prescriptions) as long as the member uses in-network providers.

To view a list of WellDyne's Preventive Drug List please see Human Resources.

## Preventive Care

All the medical plans cover in-network preventive care at 100%. This includes routine screenings and checkups, as well as counseling to prevent illness, disease, or other health problems.

Talk to your primary care physician to find out which screenings, tests, and vaccines are right for you, when you should get them, and how often. Please be aware that you will be responsible for the cost of any non-preventive care services you receive at your preventive care exam.

## Health Reform Law Individual Mandate

**You and your family members are required to have health insurance or pay a penalty to the government.** In 2017, the penalties are \$695 per adult and \$347.50 per child, or 2.5% of your income, whichever is greater. Some people may qualify for an exemption to this fee.

**The Dana Kepner Company medical plans meet all of the health reform law requirements to satisfy the individual mandate.** Dana Kepner Company pays a substantial amount of your coverage.

If you are covered by any of the following in 2017, you will meet the individual mandate requirements: the Dana Kepner Company medical plan, your parent's or spouse's employer plan, an individual policy, a government plan such as Medicare, Medicaid, CHIP, TRICARE, or veterans coverage, student health coverage, state high-risk pool coverage, or coverage for non-U.S. citizens provided by another country.

Learn more about the  
health reform law  
requirements at  
[www.healthcare.gov](http://www.healthcare.gov).

# Telemedicine & Virtual Visits

## MDLive PPO & HDHP

When facing an unexpected medical condition, you may think of going to the emergency room first. But this may not be your best choice. At the emergency room (ER) true emergencies are treated first and other cases must wait—sometimes for several hours. **In addition, it will cost you more to get care at the ER than through an urgent care center, your primary care physician's office, you will pay \$40 per consultation for the MDLive service.**

Dana Kepner Company provides MDLive for employees enrolled in the PPO & HDHP. MDLive provides access to U.S. board-certified doctors 24/7/365 on the phone. To set up an account visit [www.MDLive.com](http://www.MDLive.com) and click on “Set Up Account”. See the table below for when and how to use MDLive.

MDLive allows you to talk to a doctor anytime (home, work, away on vacation, etc.). MDLive does not replace your primary care physician but should be used when you need immediate care for non-emergent medical issues. MDLive physicians are able to prescribe short-term medication for a wide range of conditions when medically appropriate and they can even send your prescription directly to your regular pharmacy that you use for other prescriptions under the health plan.

If it's not a true emergency, you have choices on where and how to get care as shown below:

<b>MDLive Physician 24/7/365</b>	<b>Primary Care Physician (PCP)</b>	<b>Urgent Care Center</b>	<b>Emergency Room</b>
If you need care from the convenience of your home or office, connect via phone or online video to a MDLive physician anytime of the day or night.  <b>Contact a MDLive physician for:</b> <ul style="list-style-type: none"><li>• Cold and flu symptoms</li><li>• Bronchitis</li><li>• Allergies</li><li>• Pink eye</li><li>• Respiratory infection</li><li>• Urinary tract infection</li></ul>	You can continue accessing care through your PCP and, with your consent, MDLive will share information about your consult with your PCP.  <b>Visit a physician for:</b> <ul style="list-style-type: none"><li>• Preventive care and annual check ups</li><li>• Annual flu shot and other immunizations</li><li>• Care for which you have been continually under the direction of your PCP</li></ul>	Sometimes you may need care fast. If your primary care physician is unavailable, try a network urgent care center, which will be faster and less expensive than the ER.  <b>Visit an urgent care for:</b> <ul style="list-style-type: none"><li>• Sore throats</li><li>• Rashes</li><li>• Minor broken bones (e.g., finger)</li><li>• Small cuts</li></ul>	In the case of a true medical emergency, go to the ER or call 911 immediately.  <b>Seek immediate attention at an ER for:</b> <ul style="list-style-type: none"><li>• Chest pain</li><li>• Sudden weakness or trouble talking</li><li>• Difficulty breathing</li><li>• Spinal injuries</li><li>• Severe head injury</li><li>• Major broken bones</li></ul>

## Kaiser Permanente Plan E-Visits

Similar to MDLive, employees enrolled in the Kaiser Permanente HMO can have an E-Visit with a Kaiser Permanente Registered Nurse provided at **no cost** for a telephonic visit and \$15/\$25 copay for a video visit. E-Visits should be used for non-emergency medical needs. To schedule an E-Visit log on to [www.kp.org](http://www.kp.org) and go to My Health Manager.

# Health Savings Account (HSA)

If you enroll in the Allegiance high-deductible health plan (HDHP), you may be eligible to open and fund a health savings account (HSA).

An HSA is a personal health care savings account that you can use to pay out-of-pocket health care expenses with pre-tax dollars. Your contributions are tax free, and the money remains in the account for you to spend on eligible expenses no matter where you work or how long it stays in the account.

## HSA Eligibility

**You are eligible to fund an HSA if:**

- You are enrolled in the Allegiance HDHP

**You are not eligible to fund an HSA if:**

- You are covered by a non-HSA eligible plan, a health care FSA, or a health reimbursement arrangement
- You are claimed as a dependent on someone else's tax return
- You are enrolled in Medicare or TRICARE for Life
- You have received Veterans Administration Benefits in the last three months (unless the condition for which treatment received was service related)

## Contributing to an HSA

Contributions to an HSA (including the Dana Kepner Company contributions) cannot exceed the 2017 annual IRS contribution maximums listed below.

- **Employee-only coverage—\$3,400**
- **All other coverage tiers—\$6,750**

Employees age 55+ by December 31, 2017, may contribute additional funds to their HSA (up to \$1,000 in 2017)

## Dana Kepner Will Help You Start Saving

Dana Kepner Company will match your HSA contribution up to following amounts:

- **Employee-only coverage—maximum match is \$200 per year**
- **Employee + spouse and child(ren) tiers—maximum match is \$400 per year**
- **Employee + family—maximum match is \$500 per year**

**The match dollars will be deposited over each pay period (26)**

Note: You must open your HSA through Health Equity in order to receive the contribution

# Flexible Spending Accounts

Dana Kepner Company offers two flexible spending account (FSA) options—the health care FSA, and the dependent care FSA—which allow you to pay for eligible health care and dependent care expenses with pre-tax dollars. The FSAs are administered by Allegiance. Log into your account at [www.askallegiance.com](http://www.askallegiance.com) to: view your account balance(s), calculate tax savings, view eligible expenses, download forms, view transaction history, and more.

**If you fund an HSA, you cannot contribute pre-tax dollars to the health care flexible spending account.**

## Health Care FSA

The health care FSA allows you to set aside money from your paycheck on a pre-tax basis (before income taxes are withheld) to pay for eligible out-of-pocket expenses, such as deductibles, copays, and other health-related expenses, that are not paid by the medical, dental, or vision plans. Over-the-counter (OTC) medications are not eligible for reimbursement without a prescription.

**The health care FSA maximum contribution is \$2,600 for the 2017 plan year.**

## Dependent Care FSA

The dependent care FSA allows you to set aside money from your paycheck on a pre-tax basis for day care expenses to allow you and your spouse to work or attend school full time. Eligible dependents are children under 13 years of age, or a child over 13, spouse, or elderly parent residing in your house who is physically or mentally unable to care for himself or herself. Examples of eligible expenses are day care facility fees, before- and after-school care, and in-home babysitting fees (income must be reported by your care provider).

**You may contribute up to \$5,000 to the dependent care FSA for the 2017 plan year if you are married and file a joint return or if you file a single or head of household return.** If you are married and file separate returns, you can each elect \$2,500 for the 2017 plan year.

## How Does an FSA Work?

You decide how much to contribute to each FSA on a plan year basis up to the maximum allowable amounts. Your annual election will be divided by the number of pay periods and deducted evenly on a pre-tax basis from each paycheck throughout the year.

You will receive a debit card from Allegiance, which can be used to pay for eligible health and dependent care expenses at the point of service. If you do not use your debit card, or if you have dependent care expenses to be reimbursed, submit a claim form and a bill or itemized receipt from the provider to Allegiance. Keep all receipts in case Allegiance requires you to verify the eligibility of a purchase.

## Things to Consider Before Contributing to an FSA:

- **For the health care FSA, at the end of the plan year, you can roll over \$500 from your health care FSA to use in future years. Any amount in excess of \$500 will be forfeited.**
- **Dependent care FSA dollars are use it or lose it (no roll over allowed). However, you have an additional 90 days to incur and be reimbursed for expenses after the end of the plan year.**
- You cannot take income tax deductions for expenses you pay with your FSA(s).
- You cannot stop or change your FSA contribution(s) during the plan year unless you experience a qualifying life event.
